- 5.1 All applicants selected for the Program will be required to enter into a Scholarship Loan Agreement. This agreement will require the apprentice to repay the Committee for the costs of the apprenticeship training if: (1) the individual fails to complete his/her apprenticeship due to voluntary or involuntary termination from the program; or, (2) if prior to the repayment of the Scholarship Loan the individual accepts employment in the Electrical Industry from an employer, or becomes an employer, who does not have a collective bargaining agreement which provides for the payment of contributions to the Committee or to another Areawide Outside Joint Apprenticeship and Training Committee sponsored or affiliated with a Local Union of the IBEW and NECA for three (3) years after completing his/her apprenticeship.

6. **APPRENTICESHIP TRAINING PARTICIPATION AGREEMENT (APA), TRAINING MATERIALS ADVANCE REPAYMENT, AND INDUSTRY RETENTION INCENTIVE (*Indentured 01/01/2026 or after*)**

- 6.1 **Purpose.** The Committee recognizes that it expends substantial sums for the training, books, tools, equipment, instruction, administration, and related support necessary to train apprentice linemen for employment in the Electrical Industry. This Section is adopted to establish the terms and conditions upon which such training is provided, including the apprentice's obligations during the term of apprenticeship, the repayment

of advances made by the Committee for training materials and related program costs through wage withholding and other means, and the conditions for eligibility for an Industry Retention Incentive benefit following successful completion of the Program.

- 6.2 **Condition of Participation.** All applicants selected for the Program shall, as a condition of enrollment and continued participation, be bound by this Section and shall execute any forms, authorizations, acknowledgments, applications, or other documents the Committee deems necessary or helpful to implement this Section, including wage withholding authorizations and benefit application materials. The apprentice's acceptance of selection into the Program and continued participation in the Program shall constitute acceptance of and agreement to comply with this Section.
- 6.3 **Training Material Advance Repayment Obligation.** Each apprentice shall be obligated to repay to the Committee the amount established by the Committee for the applicable apprenticeship classification, cohort, or indenture year as repayment of advances made by the Committee for training materials, books, tools, and equipment, provided through the Program. The Committee may determine that the training material advance repayment amount reflects only a portion of the overall cost or value of the training, books, tools, equipment, and related instruction provided by the Program. Except as otherwise expressly provided by the Committee, termination or voluntary resignation from the Program for any reason shall not entitle the apprentice to the return of any amounts previously withheld or paid under this Section.
- 6.4 **Wage Withholding Authorization.** As a condition of participation in the Program, each apprentice shall execute a wage withholding authorization form directing each employer for whom the apprentice performs work during the apprenticeship to deduct from the apprentice's wages the amount of \$1.00 per hour worked during the apprentice's term of training, up to the maximum number of hours and maximum aggregate amount established by the Committee. The amount of the wage deduction may be increased or decreased by the Committee in its sole discretion. Advance notice of any change will be provided to the apprentice. In the event the approved wage withholding does not satisfy the full training material advance repayment amount established for the apprentice, the apprentice shall pay any deficiency to the Committee in cash or other form of payment approved by the Committee before completion of the Program. Funds received through wage withholding shall become the property of the Committee when remitted. Upon

satisfaction of the maximum withholding obligation, the Committee shall notify the employer that further withholding shall cease, and any excess amount received shall be returned to the apprentice with reasonable promptness.

- 6.5 **Failure to Execute or Maintain Wage Withholding.** Failure or refusal to execute any required wage withholding authorization, the revocation or attempted revocation of such authorization before full satisfaction of the maximum withholding obligation established by the Committee, or the failure to execute other documents reasonably required by the Committee to effectuate withholding shall constitute a violation of this Section and shall be grounds for discipline up to and including suspension or termination from the Program.
- 6.6 **Covered Employment During Apprenticeship.** As a condition of receiving training through the Program, an apprentice shall neither seek nor accept employment from an employer, nor become an employer, engaged in the Electrical Industry or other work covered by the Constitution of the International Brotherhood of Electrical Workers, AFL-CIO, unless such employment is performed under the terms of a collective bargaining agreement that provides for the payment of contributions by the employer to the Committee or to another Areawide Outside Joint Apprenticeship and Training Committee sponsored by or affiliated with a Local Union of the IBEW and NECA (“Covered Employment”), unless expressly approved by the Committee or Program in writing. For purposes of this Section, “Electrical Industry” includes the kind and scope of work falling under an IBEW/NECA contract and any work to which the International Brotherhood of Electrical Workers, AFL-CIO, any affiliated Local Union, and NECA are a party.
- 6.7 **Breach During Apprenticeship; Remedies.** It shall constitute an immediate breach of this Section if:
 - 6.7.1 the apprentice fails to execute any required wage withholding authorization or revokes or attempts to revoke such authorization before full satisfaction of the maximum withholding obligation established by the Committee;
 - 6.7.2 the apprentice fails to complete the apprenticeship due to voluntary resignation or involuntary termination from the Program; or
 - 6.7.3 during the period of training, the apprentice accepts employment in the Electrical Industry from an employer, or becomes an employer, other than in Covered Employment, unless expressly approved in writing by the Committee or Program.

Any such breach shall be grounds for discipline up to and including suspension or termination from the Program in accordance with these Rules and Regulations. An inadvertent breach may be waived in writing by the Committee in its sole discretion.

6.8 **Establishment of Industry Retention Incentive.** The Committee has established an Industry Retention Incentive benefit ("IRI Benefit") for eligible Journeyworker Linemen to encourage apprentices who complete the Program to continue using the skills and knowledge gained through the Program by remaining employed in Covered Employment in the electrical industry following completion of apprenticeship. The IRI Benefit is a component benefit of the Program and shall be administered by the Committee in accordance with this Section.

6.9 **Eligible Journeyworker.** For purposes of this Section, an "Eligible Journeyworker" means an individual who:

6.9.1 became indentured in the Program on or after January 1, 2026;

6.9.2 was subject to this Section and complied with the participation and wage withholding terms required by Committee; and

6.9.3 successfully completed the Program and attained Journeyworker Lineman status.

6.10 **Eligibility for IRI Benefit.** An Eligible Journeyworker shall become eligible to apply for an IRI Benefit on the day after both of the following conditions are first satisfied:

6.10.1 the individual has graduated from apprenticeship in the Program; and

6.10.2 within the period beginning on the day after the individual's Completion Date and ending on the third anniversary of the Completion Date, the individual has earned three (3) years of National Electrical Benefit Fund ("NEBF") Benefit Service Credits, as defined in the NEBF Plan.

The "Completion Date" means the date on which the apprentice completes the Program, as shown in the Program's records.

6.11 **Nature of Benefit; No Vesting.** The IRI Benefit is not a vested benefit and is not the property of any apprentice or journeyworker unless and until all eligibility conditions have been satisfied, a timely and complete application with satisfactory proof has been submitted, and the Committee has approved the claim in writing. No apprentice or journeyworker shall have any right to payment of the IRI Benefit before that time.

6.12 **Benefit Amount.** The IRI Benefit shall be payable in an amount equal to the total wages withheld from the Eligible Journeyworker over the course of their apprenticeship, less the

actual costs advanced to them by the Program for tools, equipment and training materials. The IRI Benefit shall not accrue interest. The Committee may amend the method for calculating the amount of the IRI Benefit from time to time, provided that no amendment shall reduce an IRI Benefit that has already been approved in writing for payment.

6.13 **Application and Proof.** To receive the IRI Benefit, an Eligible Journeyworker must submit a completed and signed application, together with any required supporting documentation, through the Program's website or in such other manner as the Committee may direct. The applicant bears the burden of proving eligibility for the IRI Benefit. Acceptable proof may include NEBF vesting or service credit records, employer payroll records, or other documents the Committee deems reliable to establish satisfaction of the eligibility requirements. The Committee may require additional substantiation before approving any claim. In the event of a discrepancy between the records maintained by the Program and the materials presented by the applicant, the Committee shall rely on the records established and maintained by the Program unless the applicant demonstrates to the Committee's satisfaction that such records should be modified.

6.14 **Application Deadline; Payment Timing.** Applications for the IRI Benefit must be received by the Committee within four (4) years after the applicant's Completion Date. Applications received after that date shall be denied as untimely. Approved IRI Benefits shall be paid as soon as administratively practicable after approval, by check or electronic transfer, as determined by the Committee in its discretion.

6.15 **Forfeiture; Non-Duplication; Recovery.** An applicant or Eligible Journeyworker shall forfeit any claim to the IRI Benefit if the Committee determines that the individual:

6.15.1 did not satisfy the eligibility criteria stated in this Section;

6.15.2 failed to submit a completed and timely application with required proof; or

6.15.3 engaged in fraud or material misrepresentation regarding eligibility for the benefit.

Only one IRI Benefit shall be payable per Eligible Journeyworker. The Committee may recover any erroneous payment or overpayment by offset, repayment demand, legal action, or any other lawful means the Committee deems appropriate.

- 6.16 **Tax Treatment.** IRI Benefit payments may constitute taxable income to the recipient. Unless the Committee determines otherwise or withholding is required by applicable law, no amount shall be withheld by the Committee for income taxes, and liability for income or other taxes due in connection with an IRI Benefit payment shall be the sole responsibility of the recipient.
- 6.17 **Claims and Appeals.** The Committee shall notify an applicant of its decision on a claim for an IRI Benefit no later than thirty (30) days after receipt of a completed application and supporting documentation. If additional information is necessary because the applicant has failed to provide sufficient information to decide the claim, the Committee may extend the review period and shall notify the applicant of the information required and provide at least forty-five (45) days within which to submit it. If the required information is not timely received, the claim may be denied. Any denial shall state the specific reason for the denial, reference the relevant provisions of this Section, describe any additional information necessary to perfect the claim and why it is needed, describe the review procedures and applicable time limits, and state the applicant's right to bring a civil action under Section 502(a) of ERISA following a denial on review. An appeal from a denial must be submitted in writing to the Program office within ninety (90) days after receipt of the denial notice. The Committee shall decide the appeal under the timing rules set forth by the Committee for benefit appeals, and its determinations shall be final and binding unless contrary to applicable law.
- 6.18 **No Assignment; No Employment Rights; Military Service.** Any IRI Benefit payable under this Section shall not be assignable or alienable and shall not be subject to garnishment or other legal process except as required by law. Nothing in this Section shall create a contract or guarantee of employment. This Section shall be administered and interpreted in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA"), as amended, and any applicable regulations or guidance thereunder.
- 6.19 **Notices.** All notices required under this Section may be sent to the apprentice or applicant at the address contained in the Program's records. Each apprentice and applicant is required to promptly notify the Committee of any change of mailing address, telephone number, or email address. Notices to the Committee shall be sent to: ALBAT Committee, c/o Training Director, P.O. Box 370, Medway, Ohio 45341.

6.20 **Jurisdiction; Severability.** As a condition of participation in the Program and receipt of benefits under this Section, the apprentice or applicant agrees to accept the jurisdiction of the United States District Court for the Southern District of Ohio, Western Division, or, if the Committee elects to proceed in state court, the Common Pleas Court of Clark County, Ohio, with respect to any action arising out of or related to this Section. If any provision of this Section is determined to be invalid or unenforceable, such provision shall be deemed modified to the minimum extent necessary to render it valid and enforceable while preserving, as nearly as possible, the intent of the Committee, and the remaining provisions shall continue in full force and effect.

6.21 **Administration; Amendment.** The Committee and the Director are authorized to adopt such forms, procedures, instructions, and administrative practices as they deem necessary or helpful to carry out this Section effectively. This Section may be amended, suspended, or terminated by the Committee at any time to the extent permitted by law; provided, however, that no amendment or termination shall reduce an IRI Benefit already approved in writing for payment.

7. PROBATIONARY PERIOD AND DISCIPLINARY ACTION

7.1 The first 1,750 (or 25% of the total program hours) of On-the-Job training hours shall be the probationary period (*ref. Training Standards 12*). During this period, the Apprenticeship Agreement may be canceled by either party without the formality of a hearing.

7.2 After the probationary period, the Apprenticeship Agreement will be canceled only after a formal hearing by the Subcommittee.
